

Curriculum Vitae

James Maclellan White

jmwhite.co.uk | james@jmwhite.co.uk

Personal Statement

Working as a developer and being generally technically minded, my life is a fairly computer centric and digitally focused world. My primary skills are within the web sector as a front-end website developer, but I also have extensive knowledge of other technical areas in computing/IT including server management, various computer Operating Systems (Windows, macOS/OS X and Linux) as well as computer hardware.

Work Experience

Central College Nottingham | Web Technician

July 2011 – Present | Ruddington, Nottingham, UK

Web developer. Responsible for the College's external website, email campaigns and general web projects working within the College's marketing team.

Freelance | Website Developer

August 2009 – July 2011 | Nottingham, UK

Freelance website developer. During this time, I designed several websites for clients while studying at South Nottingham College alongside my full-time studies.

DJ Offord Joinery & Building Services | Labourer

August 2008 (Short-term 6 weeks) | Arnold, Nottingham, UK

Worked as a labourer during the summer break after my finishing GCSEs.
